National Security Study Memorandum 42

TO:           The Secretary of State  
              The Secretary of Defense  
              The Secretary of the Treasury  
              The Director of Central Intelligence  
              The Administrator of the Agency for  
                  International Development  
              The Director of the U.S. Information  
                  Agency

SUBJECT:     Peru

The President has directed the preparation of a plan which (a) outlines the actions currently under way or contemplated to implement the policy decisions on Peru set forth in NSDM 11, and (b) outlines the actions designed to achieve a satisfactory resolution of the fisheries and overflight problems with Peru.

The plan should present alternative contingency actions to include an analysis of possible gains and risks in the event:

1. Satisfactory settlement of the IPC issue cannot be achieved and the United States must apply the Hickenlooper Amendments on or before August 6, 1969, or
2. Satisfactory settlement of the IPC issue is achieved and the Hickenlooper Amendments are inapplicable.

This plan should be prepared by the National Security Council Interdepartmental Group for Latin America and submitted to the NSC Review Group by April 22, 1969.
